

Welcome to Apex Heart Institute, a globally recognized center of excellence dedicated to providing world-class cardiovascular care with compassion, innovation, and expertise. As the Chairman and Founder, I take immense pride in the journey that has shaped Apex into a leading institution for advanced cardiac care in India and beyond.

Apex Heart Institute is equipped with state-of-the-art infrastructure, including two ultra-modern catheterization laboratories and two cutting-edge cardiac surgical theatres. Our institution is driven by a team of highly skilled cardiologists, cardiac surgeons, and dedicated healthcare professionals who ensure the highest level of patient-centered care. We uphold the highest international standards in cardiovascular treatment, integrating advanced technology with clinical excellence to deliver superior outcomes.

At Apex Heart Institute, we are dedicated to advancing cardiovascular medicine through continuous learning, research, and the adoption of the latest technologies. Our institution remains committed to providing exceptional care, fostering innovation, and improving the lives of patients through expertise-driven treatment approaches.

At Apex Heart Institute, we value life. I extend my deepest gratitude to our patients, their families, and our dedicated team for their trust and support. Together, we are committed to transforming cardiovascular care and making a meaningful impact on lives worldwide.

We welcome you to be part of our journey as we strive for excellence, innovation, and compassion in the field of cardiology.
